

NEW FARM-LABOR PARTY ENDORSES A. R. MAC DONALD

KAUKAUNA DEMOCRAT TO SEEK REPUBLICAN NOMINATION FOR CONGRESSMAN IN SEPTEMBER

PICK STATE CANDIDATES

New Organization of Farmers and Trade Unionists Select Candidates for State Legislative Office's Will Meet Monthly

Endorsement of the candidacy of Andrew Macdonald, Kaukauna, for congressman from the ninth district featured the afternoon session of the Farmer-Labor Union Monday at Trades and Labor hall. Candidates for state assembly and state senate and the past record of Senator Robert M. LaFollette were endorsed. Organization of the body, which includes representatives of the Appleton and Kaukauna Trades and Labor councils, the Equity locals of Outagamie and Shawano counties and the Non-partisan league was accomplished at the opening of the session. Fred E. Bachman was elected president.

Pick Official Name
The plan of organization was presented in a report read by Andrew Macdonald, chairman of the committee appointed for that purpose. The official title was given as the 14th Senatorial District Unit of the Organized Farm and Labor League. Meetings are to be held the first Saturday of each month until November 1, after which they will be held at the call of the executive committee. Organizations represented and official delegates were presented by Otto Rohm, chairman of the credentials committee. Only those named were allowed to vote. These people are to represent their various bodies at future meetings also. Some discussion took place as to how the representatives of the Non-partisan League had been chosen but the matter was settled upon assurance of the delegates that the people in each township had named one man to represent them.

Officers are Elected
Fred E. Bachman, president of the Appleton Trades and Labor council, was named president of the new body by a unanimous vote. The other officers are: Vice-president, Henry Thiel, manager of the Outagamie County Equity Exchange; secretary-treasurer, Matt Brill, Kaukauna, a member of the machinist union; executive committee members, William Hurst, Seymour, secretary of the county Equity union; John M. Fassbinder, Black Creek, an Equity member.

Like Macdonald's Work
The business of organization completed, the meeting then turned its attention to politics. Andrew Macdonald of Kaukauna, who is chairman of the Legislative Board of the Brotherhood of Locomotive Firemen and Engine Men, was nominated by F. C. Tilly as the most fitting candidate for congress in the ninth district. It was pointed out that he had been one of the leaders in perfecting the platform of the farmer-labor body and would stand squarely on it. He was given a unanimous vote of endorsement.

He replied with an address forecasting political events in the next few years. He said the people must go to the ballot box in November to remedy present conditions.

Soldier Bonus Endorsed
Relief to the men who served during the war was also touched upon by Mr. Macdonald. He aimed emphatic criticism at the men who forgot themselves and made enormous profits while others sacrificed. His plan is to make them surrender their millions that the money might be paid to every man in proportion to what he lost by going to war, and to properly reimburse those who were crippled.

Tribute was paid to President Wilson by the nominee in the statement that the president had caused more progressive legislation for the benefit of the working man during the first six years of his administration than had ever been done before.

Before further candidates were named a request was made to have the Farm-Labor Union platform read. C. B. Ballard complied with the request and again presented the principles which they would require every candidate to stand for.

Split on Senator
Nominations for state senator brought out a contest between Otto Rohm and C. B. Ballard and took from the meeting the power to decide on a candidate. A ruling of the union requires that where more than one candidate is advanced for any office, the selection must be made by the locals. Ballots will therefore be sent to each local unit in Outagamie and Shawano counties and the candidate polling the largest number of votes will be placed on the ticket. Both Mr. Rohm and Mr. Ballard spoke briefly pledging their allegiance to the platform adopted and stating their stand on various issues. Ballots must be returned to the union secretary by July 5.

Select Assemblymen
As the meeting was about to adjourn Mr. Macdonald urged the endorsement of candidates for assembly as well. Nominations were called for with the final result that A. M. Miller and William Bay of Kaukauna, the former an Equity man and the latter a member of the United Car Workers of America, were named for the second.

Wilson Urges Delaware Men To Aid Women

By United Press Leased Wire
Washington—President Wilson today telegraphed three Democratic Delaware assemblymen urging them to vote for the federal woman suffrage amendment. The three assemblymen are:

J. J. Muldane, J. A. Mulrine and J. E. McNabb.

"May I not as a democrat express my deep interest in the suffrage amendment and my judgment that it would be a great service to the party if every democrat in the Delaware legislature should vote for it?" The Delaware assembly is reported to be ready to take final action on the suffrage amendment today. If it approves it, Delaware will be the 30th state to ratify the amendment since the state senate has already voted favorably. Ratification by 36 states would allow women to vote in the next elections.

SOCIALIST PARTY NOT BOLSHEVIST, HILLQUIT AVERS

LEADER OF RIGHT WING SAYS HIS PARTY IS NOT COMMUNITED TO DIRECT ACTION

New York—The socialist party of the United States is not pledged to direct action, but remains a party of political action, according to Morris Hillquit, leader of the Right Wing of the party.

The declaration of Eugene V. Debs, socialist candidate for president, in his speech of acceptance at Atlanta, Saturday, that he is a bolshevik, created wide comment over the country. In spite of the reservations made by Debs that Russian methods were not adaptable to the United States, many newspapers heralded Debs' declaration as committing the party to direct action, in spite of the moderate platform adopted by the party at its recent national convention at New York.

The United Press wired Hillquit, at Saranac Lake, New York, asking him whether he believed Debs' declaration committed his party to direct action.

Didn't Hear Debs
"I was not present when Mr. Debs made his reply to the official notification of his nomination and do not know in what connection or conditions he referred to himself as a bolshevik. Like most socialists, Mr. Debs sympathizes with the struggles of the bolsheviks in Russia to maintain their soviet government and to establish a socialist regime in Russia. That does not mean that either he or the socialist party will attempt to attain bolshevik ideals in the United States through direct action. Mr. Debs runs on the platform of the socialist party, which advocates the introduction of socialism in the country by the accepted socialist methods of political and individual struggles."

UNIVERSAL PRIMARY IS URGED BY WOOD

ARMY OFFICER BLAMES PRESENT PRIMARY SYSTEM FOR HIGH COST OF CAMPAIGNING

Chicago—A universal primary day whereby voters in all states will express their preference for president on the same day, was advocated here today by Major General Leonard Wood.

Wood, in an interview with newspapermen, blamed the high cost of campaigns on the present primary system.

In support of his advocacy for a universal primary day, Wood said it was too hard to go into separate states and put up a big fight against favorite son candidates and machines and not have a big expense.

"Under a universal primary system, candidates can go into all states and establish a close check on expenses," he said.

As an instance of the cost of campaigning, Wood declared that if a letter were sent to every voter in the country, it would cost one million dollars.

Wood denied that he had taken personal charge of his own campaign.

PLUMB LEAGUERS DENY GIVING AID TO ANY CANDIDATE

LEADER OF LEAGUE TELLS SENATE INVESTIGATING COMMITTEE THAT IT IS NOT IN POLITICS

GATHER MUCH INFORMATION

Effort of Organized Labor to Defeat Unfavorable Candidates Has No Connection With Plumb Plan Organization, Probers Are Told.

Washington.—Officials of the Plumb Plan League, organized in the interest of government ownership of railroads, were before the senate campaign expenditures investigating committee today.

Edward Keating, former Colorado congressman, said the league has not nor does not intend to contribute to the campaign of any presidential candidate.

Organized labor, Keating explained, has under way a campaign to defeat congressmen and senators considered unfavorable to it, but he said the Plumb League has no connection with this except that it distributes information concerning the movement in its weekly paper "Labor."

The League, Keating said, confines itself to gathering information about presidential candidates.

Not Opposed to McAdoo.
"I gathered the impression from your paper that you rather favored Mr. McAdoo and Hiram Johnson," Kenyon said.

"Then you have not been successful in your purpose," Keating replied.

"I don't mean to say that we are opposed to Mr. McAdoo. We have expressed our approval of some of his utterances."

Keating said each member of the league and brotherhood or railroad employees will contribute one cent each, creating a fund of \$10,000 or \$15,000 for use in the coming campaign.

Work With "Liberals."
"Labor will attempt to get in touch with farmers and agricultural labor and with the liberal people in general," Keating said.

"We will not presume to give instructions to organizations and candidates. That would be resented."

"Each railroad organization will be left free to conduct its own campaign."

TRAIN DERAILED BY WASHOUT AFTER STORM

By United Press Leased Wire
Freeport, Ill.—Westbound train No. 2 on the C. M. and St. P. Railway, was derailed near Shannon, Ill., last night as the result of a cloud burst that undermined the track.

The locomotive and three cars toppled over but the parlor car in which most of the passengers rode, remained upright.

L. H. Lyon, of Milwaukee, baggage man, and Joseph Riley, section foreman, Shannon, were slightly injured.

Track Washed Out
St. Cloud, Minn.—Chairman P. N. Lahr, of the board of county commissioners, today received a telephone report of a heavy cloud burst in northwestern Stearns county in the vicinity of Ashley Creek west of Sauk Centre.

A section of the Northern Pacific track on the line from Sauk Centre to Glenwood was washed out, including about sixty feet of fill. Residents report the water as being the highest in the history of that section.

Storm Causes Big Loss
Blanchardville, Wis.—Damage estimated at \$500,000 resulted from a tornado and cloudburst that swept a rich and thickly settled farming country a few miles north of here late yesterday.

Several persons were slightly injured. More than a hundred barns and silos and several houses were wrecked and a great number of livestock killed. The family of Rudolph Schraeder, cheese maker, had a narrow escape when the forty foot chimney of the creamery crashed through the kitchen of the house into the basement.

CHURCH FEDERATION DISCUSSES POLITICS

By United Press Leased Wire
Cleveland, Ohio.—Discussion of the peace treaty and the league of nations and the propriety of the church entering practical politics, held the attention of delegates here today at the Church and Community Convention of the Federal Council of Churches of Christ in America.

Colonel Raymond Robins, investigator of conditions in Russia for the Red Cross, called the treaty a "treaty of vengeance."

He said he had stumped six states and found no concerted opinion in its favor.

WOMEN SIN FEINERS BURN BRITISH FLAG

By United Press Leased Wire
Washington, D. C.—A group of women carrying banners demanding freedom for Ireland and that the United States recall her loans to England, burned a British flag before the treasury department today.

The women disappeared before the police arrived.

Palmer Denies Radicals Were Badly Treated

Attorney General Tells Congress Rules Committee That Statements of Ill Treatment by Radicals are Falsehoods

By United Press Leased Wire
Washington.—Flanked by several assistants bearing data and files from the justice department, Attorney General Palmer today continued his testimony before the house rules committee in reply to charges of Assistant Secretary Post of the labor department, and the National Popular Government League, that he unfairly prosecuted alien radicals.

Palmer read to the committee a score of affidavits prepared by his secret service operatives denying affidavits of radicals that they had been beaten and starved while prisoners in the justice department.

"The alien charges he was brutally handled by the justice department agent in this affidavit," said Palmer, reading one placed before the committee by the National Popular Government League.

"The agent said it is a lie," said Palmer.

"You can believe either. I believe the agent."

NEW PRESIDENT OF MEXICO IS SICK MAN

HUERTA IS INAUGURATED AS PROVISIONAL PRESIDENT WITH A SCANT CEREMONY

By United Press Leased Wire
Mexico City.—President Adolfo De la Huerta is more critically ill than first reports indicated. It was generally believed here today.

Following his inauguration yesterday afternoon, the new president was scheduled to go to the presidential palace for a reception but was physically unable.

An operation for appendicitis may be performed Thursday, it was said today on good authority.

Beginning at 10 a. m. today, 20,000 troops were to march through the city streets as evidence of their support of the new president.

General Alvaro Obregon, now having returned to his status of private citizen, will be an onlooker. The day will be observed as a legal holiday throughout the country.

De la Huerta became provisional president of Mexico in less than 30 seconds yesterday afternoon. It took no longer than that for him to take the oath of office, promising to abide by the constitution.

Owing to his illness, President De la Huerta did not make an inaugural speech.

On arriving at the house of congress, the president greeted the thousands standing outside. He entered the building through a lane of soldiers of the presidential guard, wearing new uniforms made for the occasion.

LONDON IS AMAZED AT IRISH AUDACITY

SUDDEN SINN FEIN ATTACK ON DUBLIN TAKES BRITISH GARRISON BY SURPRISE

By United Press Leased Wire
London.—The audacity with which the Sinn Fein carried out their raid yesterday on King's Inn in Dublin, amazed the London press.

The soldier guard quartered in the inn was taken by surprise and powerless against the hundred men who completed their raid in less than ten minutes and vanished before reinforcements could arrive.

The affair is expected to arouse a lively debate in parliament this afternoon. It is understood that Sir Hamar Greenwood, chief secretary for Ireland, regards the situation in Ireland as most grave. He does not intend, it was said, to neglect any reasonable means of conciliation, but is determined, if necessary to steadily increase measures to suppress the terrorism.

The latest destructions include the military barracks at Cullybackey in county Antrim, at Leenane in county Galway, and at Killybenny, county Cork.

Raiders also attacked the court house at Drummin and the tax office at Castleown, as well as five coast guard stations and the Queenstown naval station.

JOHNSON EXPECTS TO BE NOMINATED ON SIXTH BALLOT

CALIFORNIAN DETERMINED HE WILL BE CANDIDATE FOR PRESIDENT OR HE WANTS NOTHING

PENROSE "HOLDS BIG HAND"

Pennsylvania Senator Expected to Tell Convention Whom He Wants Nominated—Knox and Sprout Both Have His Support

(By Don E. Chamberlain)
Chicago.—That Senator Hiram Johnson of California means to make an uncompromising fight for the republican presidential nomination was seen in the statement here today that "under no circumstances" would he accept a nomination for the vice presidency.

The statement, issued from Johnson headquarters, followed on a report that an offer had been made to have the Californian run as a vice presidential candidate with Governor Frank O. Lowden leading the ticket.

There is no doubt that he will be nominated on the sixth ballot," said the statement.

Penrose May Point Way
The state of Pennsylvania, with two potential presidential candidates of its own and a directing force in the person of Senator Boies Penrose, is expected to point the way this week to some solution of the present tangle over the party nominee.

Penrose, who was to arrive in Chicago today or tomorrow, may or may not come finally but in all events he will be in direct touch by wire with his lieutenants here and is expected to speak out soon with his recommendation for the national ticket. His spokesmen in Chicago meantime are working in an effort to effect an understanding whereby Senator Johnson will get behind Senator Knox for the nomination if Johnson himself can not win.

Two Cards in Reserve
Penrose has at least two cards up his sleeve—Knox and Governor Sprout. He has declared that if the convention were to nominate a man of the Lowden type, "it might as well name Sprout."

He has added, however, that Knox would "be the man best fitted for the office."

It appears, therefore, that Penrose, when and if Johnson and Wood are eliminated from possible nomination, will enter Knox or Sprout, or possibly both before he gives his support to Lowden. He feels, if the attitude of his lieutenants here is any indication, that Johnson must be figured with in determining finally the nominee.

Johnson and Knox are great friends and Johnson has recently held a long conference with Sprout. Johnson will be in Chicago Thursday. He will make at least one very important speech.

His arrival, coupled with either the arrival or the direct wire action of Penrose through his lieutenants here, will mark the opening of negotiations that may determine the party's final choice.

Lowden Looks Strong
The gossip along presidential row still favors the chances of Governor Lowden and while the various deals and counter-deals are under way between the supporters of the respective candidates, there appears to be less and less talk among the political leaders that Wood will win.

"Lowden or Knox," has become a slogan.

WAR EXPERT HONORED BY KING OF ENGLAND

By United Press Leased Wire
London.—The list of new officers of the Order of the British Empire appointed by the king in recognition of distinguished service during the war, includes the name of J. W. T. Mason, of New York, United Press war expert.

The Order of the British Empire was created by King George as a suitable means of honoring those who, while not in uniform, did valuable work during the war. Mason's knowledge of war tactics and his close study of the varying situations from 1911 to 1918, enabled him to give the United Press excellent reliable facts on the progress of the campaigns.

UNCLE SAME TAKES A FLING AT FREAK STYLES

By United Press Leased Wire
Cleveland, Ohio.—Uncle Sam believes that freak styles in women's garments add materially to the high cost of living and he is now engaged in a campaign of education to wear women from frills and furbelows to conservative styles. J. G. Weatherly, special assistant to Attorney General Palmer, announced the government entrance into the styles contest at the Conference of Clothing Manufacturers here today.

Weatherly urged the garment manufacturers to assist in convincing the women of the country that extreme styles do not enhance their appearance.

Hiram To Use Big Stick On Pact Dodgers

By United Press Leased Wire
Cleveland, Ohio.—Senator Hiram Johnson's principal reason for going to the republican national convention in Chicago is to see that the "convention does not pussyfoot or skulk on the league of nations," Johnson said on his arrival here today for two addresses.

"I shall insist that the convention take a manly, courageous stand in opposition to any league," he said.

"I am entirely satisfied with my chances at Chicago, but I won't prognosticate. Early in my career I learned that the man who boasts what he will get tomorrow, generally has to apologize on the day after. I don't assume to say that the delegates will follow the expression of the republican voters in the states that had direct primaries, but if they do the result is not uncertain."

"I polled 1,250,000 republican votes in the primaries, far more than my nearest opponent. That is an inconsiderable amount of the total republican vote in the country and is an expression of who the people want."

DAKOTA NON-PARTY LEAGUE FORTIFIED BY COURT VERDICT

EXPANSION OF INDUSTRIAL PROGRAM IS PLANNED BY NON-PARTISAN LEAGUERS.

By United Press Leased Wire
Bismarck, N. D.—Non-Partisan League leaders today planned to expand its industrial program in North Dakota following the decision of the United States supreme court upholding the constitutionality of the seven measures that are the basis of the program.

Further finances for the State Bank of North Dakota, which has been organized for more than a year, but handicapped as to funds by litigation, are expected to be arranged quickly.

The state's bank acts as a federal reserve, federal land bank and co-operative repository for nearly seven hundred member banks within the state.

State owned grain elevators, mills, stockyards, packing houses, mines and manufacturing are expected to grow out of the industrial program, since the supreme court finds the state industrial commission of three members has power under the laws to go into private business as a public enterprise, extensively.

Bonds may be issued to enable the state's bank to finance projects within the control of the industrial commission and league leaders expect to secure sufficient finances to carry out a broad development program within the next two years, providing the state legislature remains in control of the league.

Primary elections June 30, and the general election Nov. 4, may change the complexion of the state legislature and it is possible the industrial commission and state bank officials will rest on their program pending the elections.

Non-Partisans are Egged by Veterans
Former service men break up meeting and chase the speakers out of county.

By United Press Leased Wire
Great Bend, Kansas.—Former service men today apparently had effectively barred Non-Partisan League meetings from this section of Kansas, following the "deportation" of several scheduled speakers of the league from the county.

Three hundred former service men became aroused yesterday when they heard Thomas Mills and other speakers were addressing a Non-Partisan League picnic at Ellenswood, Kans.

A raid on the picnic was quickly planned and carried out.

After a lively battle, the gathering was scattered and the speakers, including Mills, were taken.

Appeal to State
Topeka, Kans.—Three Non-Partisan League organizers who were "rotten egged" and "chased out" of Barton county yesterday, appeared here today carrying an American flag that was besmirched with egg stains and wearing the clothes in which they fled.

They presented themselves to state officials as exhibits of the treatment given them.

The three were Walter Thomas Mills, national lecturer from Berkeley; J. O. Stevie, state organizer for the league and president of the Topeka Industrial Council, and M. E. Adams, editor of the Ellsworth Leader.

G. O. P. DELEGATE PICKERS PREPARE TO SPEED UP WORK

NIGHT SESSIONS OF CREDENTIALS COMMITTEE IS PLANNED TO FINISH WORK BEFORE TUESDAY

CONTESTS FROM SOUTH

Wood Delegates Figure in Nearly Every Contest—Negro Heads Lowden Delegation from Georgia—Lowden Makes Biggest Gains

By Harold D. Jacobs)
Chicago.—First division in the republican national committee in seating of contested delegates came today, when the committee split on the seating of two delegates from the tenth congressional district of Minnesota, and voted 36 to 12 to seat two irregular delegates understood to be supporters of Senator Hiram Johnson. The defeated delegates were instructed for Major General Leonard Wood.

When the committee went into executive session to vote on the seating of the two Minnesota delegates, Jesse M. Littleton, of Tennessee, moved that all four delegates be seated with half a vote apiece.

Fred W. Estabrook, of New Hampshire, offered a substitute resolution which provided for the seating of the so-called Johnson delegates. When the roll-call was taken, Georgia refused to vote as did Frank B. Kellogg, of Minnesota.

By unanimous vote, the committee today seated the regular 12 delegates from Louisiana.

This is apparently a victory for Governor O. Lowden, as it was understood the regular delegates were pro-Lowden, while the contesting delegates were understood to be supporting Major General Leonard Wood.

The claim of the contesting Louisiana delegation was rejected on the grounds that it was improperly brought and that the delegation had no official standing.

This brings Lowden's total of contests decided in his favor up to 18.

Chicago.—Confronted with the doubtful record of having disposed of only three of the 15 contested delegations in two days' hearings, the republican national committee today launched upon a program designed to clean up the balance of the disputes in short order.

At the suggestion of Chairman Will Hays, the committee will begin holding night sessions and an effort will be made to bunch the various contests in each state whenever possible. The policy of holding open sessions has resulted in the contests being decided upon judicial grounds rather than political expediency, but has had the effect of dragging out the hearings.

Hold Night Sessions
In their efforts to hurry the proceedings late yesterday, the committee only partially delved into several contests, leaving a rather complicated skein to unravel today. A night session would have been held but when the cases of the next states in order—Minnesota, Mississippi, Missouri, North Carolina, Oklahoma and South Carolina—it was found that none of these contesting delegations was ready to proceed.

According to the pre-arranged schedule, the first case to be considered today was that of Florida. The evidence was fully presented Monday but the legal technicalities were such that it was referred to a sub-committee. This body reported yesterday that further evidence was required to clear up certain points regarding the claims of the regular delegation of Florida headed by George W. Bean and Daniel T. Gerow and the first contesting delegation under H. L. Anderson. The former is supposed to be for Major General Leonard Wood and the latter merely anti-Wood. The second contesting delegation, of which W. L. Van Duzer is chief, was practically eliminated by the sub-committee's report. It was reported to favor Governor Frank O. Lowden.

The next case will be that of the contest over 15 of the 17 delegates from Georgia, which was referred to a sub-committee late yesterday.

Negro Heads Delegation
This was practically a clean-cut fight between a Lowden delegation headed by Henry Lincoln Johnson, an Atlanta negro, and a Wood delegation led by Roscoe Pickett, of Jasper.

The case of 12 contesting delegates from Louisiana hinged upon an application by Frank C. Labit for re-hearing of his claim for recognition as national committeeman which was decided against him in favor of Emil Kuntz, of New Orleans, by the national committee January 10, 1919. Several of the committeemen contended yesterday that the only point at issue was which of the delegations was elected by the Kuntz organization, as apparently both state conventions were otherwise conducted strictly according to the party's rules.

So far but ten of the 122 delegates affected by the contests have been placed on the temporary roll of the convention. Of these Lowden won seven from Arkansas and one from Alabama the first day, while Wood benefited by two from the District of Columbia yesterday.

Charles R. Crowell, of the Henry Hurst and McDonald Advertising company, Chicago, and John Schlicht of Milwaukee, are the guests of Harvey Schlicht. They are at Fremont today on a fishing trip.

Henry Schlichter has gone to Chicago for a several days' visit with his sons.

RECRUITING MISSION HERE FOR TEN DAYS

Recruiting officers for the United States army are meeting with considerable success in their campaign, according to the recruiting party which arrived in Appleton for a ten day stay this morning. The mission will have its headquarters at the post office.

Four men under the leadership of Captain D. B. Simpson, 58th infantry, make up the party. Other members are Sergeant Patton, Corporal Enshy, Soldier Smith and Private Decker.

The men have been out on the recruiting trip less than a month and have enrolled 34 recruits.

NEW FARM-LABOR PARTY ENDORSES A. R. MAC DONALD

and assembly district. Charles Schroeder, recently of the town of Center but now of Appleton and an Equity member, was nominated for the first district. Mr. Miller agreed to withdraw if Mr. Bey, who was absent, would consent to become a candidate. This did away with the necessity of referring the matter to the locals.

Announcement was made that T. A. Logan of Tigerton, had been named as candidate for assemblyman from

Shawano by the Non-Partisan League. The question of endorsing him came up, but because the Shawano county Equity locals were not represented, arrangements were made to hold a meeting at Shawano at which this matter could be adjusted.

It was stated by Mr. MacDonald that all candidates chosen by the Farmer-Labor union would be placed on the dominant party ticket at the election. This will cause Mr. MacDonald's name to appear on the republican ticket although he has always adhered to the democratic party. Several other candidates will perhaps be obliged to drop their former party affiliations in order to comply with this arrangement.

Endorsement of Senator La Follette for president was sought by C. B. Ballard who asked the union to go on record in the senator's favor if it was possible to do so. He declared that La Follette's name was written

on the delegate ballots three times as often as any other candidate and that he had lead in all congressional districts but two. A motion was therefore made to endorse his candidacy, but objection was raised because an understanding existed by which no stand should be taken on the presidency until after the national conventions were held. A substitute by Henry Thiel to endorse Senator La Follette's past record was carried unanimously. Adjournment was then taken until Saturday evening, July 3.

72 GRADUATE FROM SECOND DISTRICT SCHOOLS THIS YEAR

COMMENCEMENT EXERCISES ARE HELD IN LAWRENCE MEMORIAL CHAPEL TUESDAY EVENING

Graduating exercises of second district schools were held Tuesday evening at Lawrence Memorial chapel. The lower floor was filled with parents and friends of the graduates. A program was rendered and diplomas distributed by Ben F. Rohan, principal.

Several musical numbers were rendered by the girls' chorus and by the graduates ensemble. Recitations were given by several pupils. Their numbers were "The King's Jewel" by Catherine MacLaren; "The Littlest Rebel's Whopper" by Twanette Steenis; "Building the Chimney" by Mabel Kranzsch; "The Piece That Billy Didn't Speak" by Annette Colvin; and "The Rider of the Black Horse" by Harold Zuehlke. An oration on "Athletics Among the Blind" was presented by Walter Heiss.

The portion of the program which pleased the audience most was the expressive dancing of the Misses Madge Herriek and Dorothy Adst. Each appeared in solo dances and was heartily encored. They later appeared in Scotch costumes and danced the "Highland Fling" and were called back to repeat it.

The graduates include: Dorothy Annette Adst, Ruth K. Altenhofen, Ruth Florence Ashman, James Frederick Bachman, Nora M. C. Bast, Elia P. Berge, Bernard William Bonini, Edward W. Brock, Evelyn M. Cagley, Annette Marie Colvin, Leola Coon, William Henry Doerfler, Albert Keller Ellis, Jr., Katherine Jeanne Fellw, Clement Sherlock Gerow, Helen Elma Goldbeck, Bertha Greenpon, Ruth B. Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3 1/2-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

THE CONVENTION OUTLOOK

With the Republican national convention a week off there is no indication as to who is likely to be the nominee. The situation is marked by so much uncertainty that no reliable prediction can be made. There has been no crystallization of opinion for any one candidate either among the delegates or among the people. It is anybody's race. The claims of the campaign managers are of the cut and dried order, and are sustained by nothing which is of any value in forecasting results. None asserts that his candidate is the first preference of a majority of delegates, but each declares his man is the second choice of the convention and is therefore certain of nomination.

Gen. Wood will enter the convention with the largest number of instructed delegates, with Johnson second and Lowden third. All three of them combined have only a little more than a third of the total convention membership, so that here is very little on which to judge their relative strength or the strength of any one.

By far the greatest effort has been made to bring about the nomination of Gen. Wood. It has been a forced campaign from the beginning, without popular demand, in which a prodigious and scandalous amount of money has been used. The exact sum spent for Wood was not uncovered by the senate investigation, but enough was brought to light to show that it will run close to \$1,500,000 and may go even higher. This ought to kill the Wood candidacy, and in all probability it will. The convention could hardly have the audacity, to say nothing of poor judgment, to nominate him in the face of the open attempt of his friends to purchase the nomination. We may, therefore, eliminate the Wood candidacy with reasonable safety. We have never believed the General should or would be the Republican nominee, originally because we did not think he was of presidential caliber and because the country is better off without a military man in that office, and now in addition to these reasons, because of the methods employed to put him in the White house.

Johnson unquestionably has made the strongest appeal to popular sentiment of all the active aspirants, but an analysis of the situation leads to the conclusion that his nomination will be prevented by the same forces in the party which stood between Mr. Roosevelt and the nomination both 1912 and 1916. He is entirely too "radical" to suit the Old Guard, which still is in control. Lowden has a good chance as a compromise candidate much better, in our judgment, than Harding or any of the weak dark horses who have been mentioned. Moreover, Lowden would be a good selection and a strong nominee.

The reactionaries will oppose Hoover because he is a vigorous, influential progressive. They would have no control over such a man, and yet the fact remains that Hoover's nomination would probably arouse greater genuine popular approval and enthusiasm than any other man. We assume, however, that the convention is sufficiently well "hand picked" to prevent its being carried off its feet by a Hoover outburst. If Mr. Hoover were a little more orthodox and a little less independent he might receive the honor, but his chances are not bright with an organization circumscribed by a vision at least a generation out of date. Knox is impossible and Coolidge is hardly to be considered.

As things now stand Lowden is the easiest way out of the dilemma to the Chicago convention. In our judgment the only prediction that can be made, and it is a very crude and uncertain prediction, is that the governor of Illinois stands the best chance to receive the nomination.

THE SIMPLE BUT SOUND SOLUTION

Senator Roy P. Wilcox in a Memorial Day address at Green Bay appealed to christianity and to christian ethics to solve the problems of government and those of widespread discontent. It was a sound appeal and a level-headed admonition by a level-headed citizen of Wisconsin. He discussed in a clear and forceful manner the tendencies and problems of the day, as they represent the culmination of years of development hastened and crystallized by the war.

Mr. Wilcox is for neither fads nor fancies. He is for the doctrine and the impulses which gave birth to the republic and have guided it ever since. He would not depart from these, but where we have deviated from them he would get back to them. He would solve the issues of the present by reducing them to the principles of the past. In other words, he would stick to the constitution, to the orderly processes of law, to the national freedom and opportunity which the constitution and the law guarantee.

There is a simple remedy for the discontent and evils of the time, and it is the remedy Senator Wilcox would apply. It is not bolshevism, or radicalism or fanaticism. It is the adjustment of the social and industrial life of the country more nearly in accord with the standard of christian ethics. Our captains of industry know what that means, so do our politicians, so do our law-makers and executives, so do our labor unions. It does not have to be explained, even though it may be ignored.

But why fight to preserve conditions or extremes which are in plain conflict with christian ethics? Why fight for other extremes which would obviously do violence to them? Why not recognize what is right and stop this useless, futile controversy which, an issue between man and man, has been distorted by our malcontents into a fundamental issue of government?

A man who can sanely think and courageously act for the solution of our social and industrial problems in the field of christian ethics is a good man to serve in public capacity. Under that kind of leadership we would have more time for bringing about sound progress and less time wasted in combatting the isms which burden or pester the country.

Every time Senator Wilcox speaks, the wisdom and desirability of electing him governor of Wisconsin is emphasized by what he says.

Today's Poem
EDMUND LANCE COOKE
STOMACH ON A STRIKE

I suppose tuberculosis, Complicated by necrosis, Doesn't make the summer sky seem extra blue.

I suppose an active cancer Doesn't make a mortal answer "Cheery-o!" to every stranger's "Howdydo?"

I suppose a "locomotor" Doesn't make a modern voter Start the morning with a long and lusty hike.

So perhaps one shouldn't holler And ejaculate his cholera, When his trusty stomach goes upon a strike.

I suppose a martyr, boiling, In an overdose of oiling May have thought the exercise quite a bore.

And a saint in Rome's arena Nibbled by some old hyena Did not always cry a vigorous "Encore!"

I suppose that it might fret me If some sans-culotte should get me And should use my head to decorate a pike.

All these things might be unpleasant, But they don't compare, at present, With the outrage of a stomach on a strike.

It rejects all mediation, It refuses arbitration, And it scouts at pie, potatoes or potage.

Yea, no matter what I offer It's a sinner and a scolder And it's bent on nothing else but sabotage.

O, it seems an ancient fable That I used to sit at table And could prey on any edible I'd like.

Min' miserer! darn it! Gabriel blow you cursed cornet! Since my trusty tummy's gone upon a strike

AUTOBIOGRAPHY—22

Teething

The two chief dangers for a baby surrounded by the gossip of the neighborhood are teething and colic. No matter what ails him, nor whether anything ails him, it is "teething," as any old woman will assure any mother so careless or glib as to listen. But if, perchance, a grocer does not prove if the baby does not succumb to the old woman's treatment, then there is no doubt in the world it is "colic," and worse yet, "wind colic"—what other varieties of colic there may be in a fish-wife's lexicon I cannot tell you, nor can my dad. "Why," the old woman declares, "it's as plain as the nose on your face"—and honest, now, isn't everything else on the face plainer than the nose?—"Just as plain as the nose on your face the poor critter has two wind colic, for can't you see him drawing up his legs? That shows his stomach hurts him!" We babies do draw up our legs whenever we cry vigorously, and lots of times when we don't cry. It is one of the few ways we have to get a little exercise. Don't know why, but most mothers, and most doctors, too, seem to think a baby needs no exercise at all, and they dress us accordingly. "If I was in your place, mamam, I'd send right over to the store and get some colic, teething and worm cure for that baby, so I would."

It happens that many a poor little thing is started in on the morphine or opium habit right early.

Educated folks nowadays know that "teething" is a natural, normal physiological incident and never the cause of any illness. Yet here recently a fellow of the Royal Geographical Society, or something like that, published a suggestion "to all writers of 'How to Keep Well,'" in which he cited Professor Garner's claim that gorillas have a language of their own and expatiated on the knowledge man might acquire from the apes. "What, for example, does the gorilla mother do when her baby has the stomach ache? How does she ease the pain of a teething child?"

The gorilla baby probably never has the stomach ache, because his mother knows how to feed him. And a gorilla mother would probably tell you to quit monkeying if you tried to make her believe it hurts a baby to grow teeth. Whether gorillas have their own language we may well leave to Professor Garner to establish. Meanwhile, why not credit the simians at least with the wisdom of natural instinct?

The notion that "cutting teeth" accounts for a baby's illness is wickedly false and leads to deplorable neglect and maltreatment when babies really are ill.

The use of so-called teething rings of any kind is harmful, first, because these things cannot be kept clean and are sure to carry infection from floor or surroundings into the mouth of the baby; second, because teething rings, or other objects used to rub the gums (especially fingers) make the gums sore and in no wise hasten the eruption of teeth.

"Teething" as an explanation of sickness in infancy is just as non-sensical as would be the color of the baby's hair.

QUESTIONS AND ANSWERS

Fishskin
Please reprint a formula for rough, scaly "fish scale" on the arms. I used a formula you gave some time ago and it was unexcelled. (Miss C. R.)

ANSWER—Salicylic acid 10 grains
Glycerin 1 dram
Lanolin 2 drams
Benzoinated lard, enough to make an ounce.

A very small quantity of this is to be rubbed upon the affected area of skin once a day.

Look Who's Karelting
How I wish I had had the opportunity of reading your health articles when I was raising my family. I feel that I could have done a much better job than I did. You write many things, however, that are good for grandmothers to know. I am taking the Karel treatment and have reduced 25 pounds. Thank you. (Mrs. W. R. T.)

ANSWER—Some grandmothers are younger than they pretend to be. Some young women are regular old grannies. For instance, some young women are afraid of Karel lest they become weak or ill from insufficient nourishment.

Cistern Water
I am enclosing a bloom from the catalpa, commonly known as the cottonwood. Please tell me whether it contains typhoid germs. Also please tell me which are the proper months to catch cistern water. (Mrs. T. H. F., Alabama.)

ANSWER—No, the catalpa blooms contain no typhoid germs. Typhoid germs come only from the kidney or bowel excrement of a person who has or who has had (a carrier) typhoid fever, and are conveyed in water or food, which happens to be polluted by drainage from such source or contaminated by being handled or prepared by a carrier. Cistern water may be caught in any month. See that your cistern is properly screened against mosquito breeding.

TWENTY-FIVE YEARS AGO

Wednesday, June 5, 1895

The foundation for the new D. Hammel streets at the corner of Oneida and Washington streets was completed and the timbers for the first floor were being put in place.

Born to Mayor and Mrs. Peter Thom the previous Monday a son.

The new residence of J. P. Buck was being sided and the indications were that it was to be a handsome home.

A movement was set on foot concerning a celebration for July 4.

The Children's home cleared \$250 on its ice cream social at the armory.

Joseph Bodine of the Wisconsin Telephone company rode from his home at St. Louis to Appleton on his bicycle and encountered no obstacles.

Register of Deeds Kenyon said that the number of instruments filed for record between the first of last January and the first of June exceeded by about 500 those presented during the corresponding time last year.

On account of the proximity of commencement time at Lawrence university the Lawrence cadets discontinued drilling for the remainder of the year, and Lieut. Green expected to leave for his home at Hillsdale, Mich., at the end of the week.

Sixteen tramps were encamped the night previous on the hill beyond the Atlas pulp mills near the Beaulieu property. They were driven out of town by a detail of policemen.

The winners of the prize essay contest of Ryan high school were Joseph Loch, Sarah Weir and Blanche Racine. The judges were the Rev. John Faville, Miss Carrie Morgan, and Prof. C. O. Mercla.

The commencement week program of Lawrence college was to open Saturday, June 15 and close Thursday, June 20.

THE BOOK OF ANN

Ann Lacked All Sense of Moral Beauty—She Was Unmoral

Women may be enemies instinctively, as some sharp critics avers, but when it comes to spoiled romance and blighted happiness, they develop a deep sisterly sympathy. One never can tell, I suppose, when one's own romance may ferment and blow up like over-ripe wine. Mrs. Best's story fixed her place in the hearts of the Lorimer women. She had done for her daughter what the girl never could have done for herself. She had made us patient with the girl and eager to assimilate her, whereas Chrys and I had undertaken that difficult task with considerable reluctance.

Mrs. Best had accounted for Ann without intending to do so. "So like her father!" the mother had said. "So fond of beauty of form and of color!"

Already I could see that the girl resembled her father in another very important way. She was extremely fond of the opposite sex. Only men counted with Ann. Bad form, of course, to make oneself the center of a group of all the men in the room!

Ann was doing that as I watched. "She looks like a movie heroine demonstrating popularity," I thought. "And this divorce question is going to rend the respectable tribe of Lorimer, some day."

I watched Jim, Jr., but of course he was merely pleased to see that his little girl was making such a grand hit with the men of the family.

P fascinating little beauty she undoubtedly was, physically. At the moment, she was going into a fine ecstasy over a bouquet of blue foxglove, expensive stuff raised out of season, and bought by daddy just to give the new bride a moment's joy.

Doubtless Ann had inherited her father's artistic tendencies. Physical beauty, material loveliness, she adored, but she lacked all sense of moral beauty. She was utterly obtuse to the right or wrong of things. She wasn't immoral, she was unmoral.

That there were degrees of spiritual beauty, and heights worth climbing to, was beyond her understanding. Jim, Jr., was an idealist. He imagined that the lovely shell of his wife's person contained a soul like that of his mother. One must climb to reach such heights. Ann never would be capable of making the trip.

Now that I knew about Ann's background, I could see why her mother had no enthusiasm about her marriage. She wasn't even complacent because her daughter had caught one of the prize fish in the sea of matrimony. She didn't deceive herself about Ann.

"She knows that Ann will go philandering some day, just like her father, and we'll be in for a big scandal," was my disagreeable conclusion.

I was haunted by some of Mrs. Best's reflections, made in the progress of her matrimonial history.

"One is bound to be sorry if one marries,—and if one does not! If the man slumps, one is sorry if one gets a divorce,—or if one does not!"

"That's a hopeless philosophy," thought I. "I suppose it's common among over-sophisticated, over-experienced, over-sorry people. Now I wonder what keeps Mrs. Best going?"

Something, surely, kept her going. She absolutely refused to give up her work in the movies. I guess few women would have had the courage to pass up a life of ease as the mother-in-law of a Lorimer millionaire! Her attitude made me admire her tremendously.

"I'll keep at my work," she said to Mother Lorimer. "I'll be lonesome. I know, but I'll be independent. You women can't understand, I'm afraid. Only women who have earned their way in the world can comprehend my need to be 'on my own.' I hope you realize that I'm grateful!"

Her appreciation of mother's suggestion was awfully sincere. I think all of us women admired her independence, but I know very well that the men of our family did not.

G.O.P. Convention Snap-Shots
The Story of 16 Nominations
By A. H. VANDENBERG

THIRTEENTH CONVENTION
The thirteenth Republican National Convention met at Chicago June 21, 1904. Mark Hanna, chairman of the National Committee, and perhaps the most cartooned man in American public life—had died February 15 previous, and the gathering was called to order by Vice-Chairman Henry C. Payne, Elihu Root of New York was temporary chairman, and "Uncle Joe" Cannon was permanent chairman.

So thoroughly pre-ordained was the Convention's routine, that about the only contest stirred up in the three days' sitting was over a motion to cut Hawaii to two delegates—a motion which carried by the close division of 495 to 490.

The assassination of McKinley and the eminently successful and popular succession of Theodore Roosevelt, made it inevitable that his name alone should be considered for first place on the ticket. He received 994 votes—the Convention total.

Possibility of argument over the Vice-Presidency was foreclosed by advance agreement that the place should go to Charles W. Fairbanks of Indiana. Speaker Cannon had at first been considered, but flatly refused to allow his name to be used. Fairbanks likewise postponed decision until the eleventh hour. But when his consent was obtained, no other candidates were even considered.

The platform again made tariff protection a paramount issue; renewed allegiance to the gold standard; favored legislation to build up the American merchant marine and a powerful navy; declared for the peaceful settlement of international differences by arbitration; declared for the vigorous protection of American citizens in foreign lands; condemned unlawful combinations of Capital or of Labor, and vigorously approved Roosevelt's foreign policy, as particularly emphasized in the Venezuela case, in the Orient, along the Alaskan boundary, and in the acquisition of the Panama Canal.

(Continued tomorrow, with the story of the Fourteenth Convention.)

FILE TWO CHARGES AGAINST SLAYER

POLICEMAN WHO SHOT UNIVERSITY STUDENT WILL BE TRIED ON FIRST DEGREE MURDER CHARGE

Madison — Matthew Lynaugh, policeman, who killed Carl E. Jandorf, 22 year old university student, on Friday, must stand trial on charges of murder in the first degree and for manslaughter in the second degree, according to announcement of District

Attorney Roman Hellman, following the verdict of the coroner's jury late Tuesday afternoon.

A coroner's jury, after listening to testimony for several hours on Tuesday, and after a few minutes' deliberation, returned a verdict recommending that Lynaugh be held for trial for the slaying of Jandorf. Lynaugh was remanded to the county jail, being unable to present bail. Arrangements are being made for the holding of a preliminary hearing next week.

"Two charges will be presented in the warrant which I have issued for the arrest of Lynaugh," Mr. Hellman said.

"The first charge will be murder in the first degree and the second charge

will be second degree manslaughter. Second degree manslaughter is the unnecessary killing of another and the statute prescribes a sentence of from four to seven years."

The coroner's inquest brought scores of people to the courthouse on Tuesday. Lynaugh refused to take the stand on advice of his counsel, Atty. James Clancy, Stoughton. An Assistant Attorney General John P. Baker attended the quizzing and will assist Hellman in the prosecution of Lynaugh.

WOMAN NEAR DEATH FROM ASPHYXIA

MRS. ELIZABETH HAYES IS STRICKEN WITH HEART TROUBLE AS SHE LIGHTS THE GAS

Mrs. Elizabeth Hayes, an elderly lady residing at 861 North Division street, narrowly escaped death from asphyxiation late yesterday afternoon. She was about to light her gas range preparatory to cooking supper. The gas was turned on and it is thought that just as she was in the act of scratching a match she was seized with heart trouble, from which it is said she had been suffering, and fell over backward. She was found lying on the floor unconscious, with a box of matches in her left hand, by Reta Roemer and Emily Barrett, neighbor children who happened to look into the window.

The police were notified and a pulmotor was rushed to the residence. Consciousness was revived sufficiently to remove Mrs. Hayes to St. Elizabeth hospital. Her condition is reported to be favorable today and it is believed that she will suffer no ill effects from her experience.

PRIEST OBSERVES SILVER JUBILEE

REV. FATHER ULRICH DANNER ORDAINED TO THE PRIESTHOOD QUARTER CENTURY AGO

More than a dozen priests were in Appleton yesterday to assist in celebrating the twenty-fifth anniversary of the ordination of the Rev. Father Ulrich Danner, St. Joseph church, to the priesthood. The event was celebrated with a solemn high mass in the morning, a banquet at noon and entertainment in the evening.

Father Ulrich, who has been stationed here about five years, was ordained in Milwaukee 25 years ago. He was a member of the Capuchin order for about 32 years.

Father Ulrich was the celebrant at the solemn high mass, assisted by the Revs. Pacificus Raith, O. M. Cap.,

TUESDAY JUNE 2ND. MUSIC BY
STECKER BROS. ORCHESTRA.**
6-2, 4, 7

SHORT NOTES

Peter DeBruin and Joseph Appleton were in Milwaukee on business Saturday.

Mr. and Mrs. Harry DeBruin and Mr. and Mrs. Otto Wickert autted to Freedom Sunday.

Mrs. Eugene Carr has gone to Mount Clemens, Mich., where she will take treatments.

Miss Jean Gehrman has arrived home from New York for a several days' visit with relatives.

A barn dance will be held in the Joseph Goetz barn, town of Grand Chute, Wednesday evening, June 9.

Mrs. Alva Hinch left Friday on a month's visit with relatives in Chicago, Milwaukee and Iowa City.

Mr. and Mrs. Fred Stip and Miss Ida and Adam Trost autted to Milwaukee Sunday, returning last night.

A barn dance is to be given at the William Weyenberg farm Thursday evening. Thelen orchestra is to furnish music.

The choir of Trinity English Lutheran church will meet for rehearsal at the church at 7:45 o'clock tomorrow evening.

D. G. Peterson of Greenville is erecting a new residence on his farm. The foundation is completed and work started on the superstructure.

The opening of Brighton beach Sunday and Memorial day was well attended. Dancing to the music of the Dixie Jazz orchestra of Chicago was the feature.

Fred Harris and family of Wittenberg, who were guests of Mr. Harris' parents, Mr. and Mrs. O. D. Harris, 675 Winnebago street, for several days, have returned home.

Roy Menning is remodeling the barn on his farm in Greenville and expects to have one of the most modern barns in the neighborhood when completed. The building has been raised so that a concrete foundation can be built. He plans to put in concrete floors, new stanchions and other fixtures.

ABOUT TOWN

PRICES GO UP—Uncle Sam joined the price raising crusade in a mild way by announcing to the postoffice that stamped envelopes have increased in price 60 cents a thousand. The new price takes effect at once but will not apply to orders already on file.

MATERIAL ON HAND—Practically all the material to be used for the new concrete Medina highway has been hauled to the scene of work. It is expected laying of concrete will start in a few days. The new road includes about three miles on highway 18.

CUTS ALFALFA—John Hyde, town of Ellington, initiated the having season yesterday by cutting an eight acre crop of alfalfa. The alfalfa had grown to a height of about one and a half feet. It requires cutting as soon as the side shoots begin to sprout, in order that a second crop may be realized and Mr. Hyde's fields were said to be the first to reach this stage.

91 YEARS OLD—Captain J. H. Marston, one of Appleton's "grand old men," Tuesday celebrated his 91st birthday anniversary at his home. Captain Marston is still in good health. On Memorial day he witnessed the parade but was unable to take active part in the observance. It was the first Memorial day program in which he has not participated in the last half century. Captain Marston lives at 769 Kimball street.

Daniel P. Steinberg is at Kansas City, Mo., where he is attending the convention of the National Association of Real Estate boards.

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

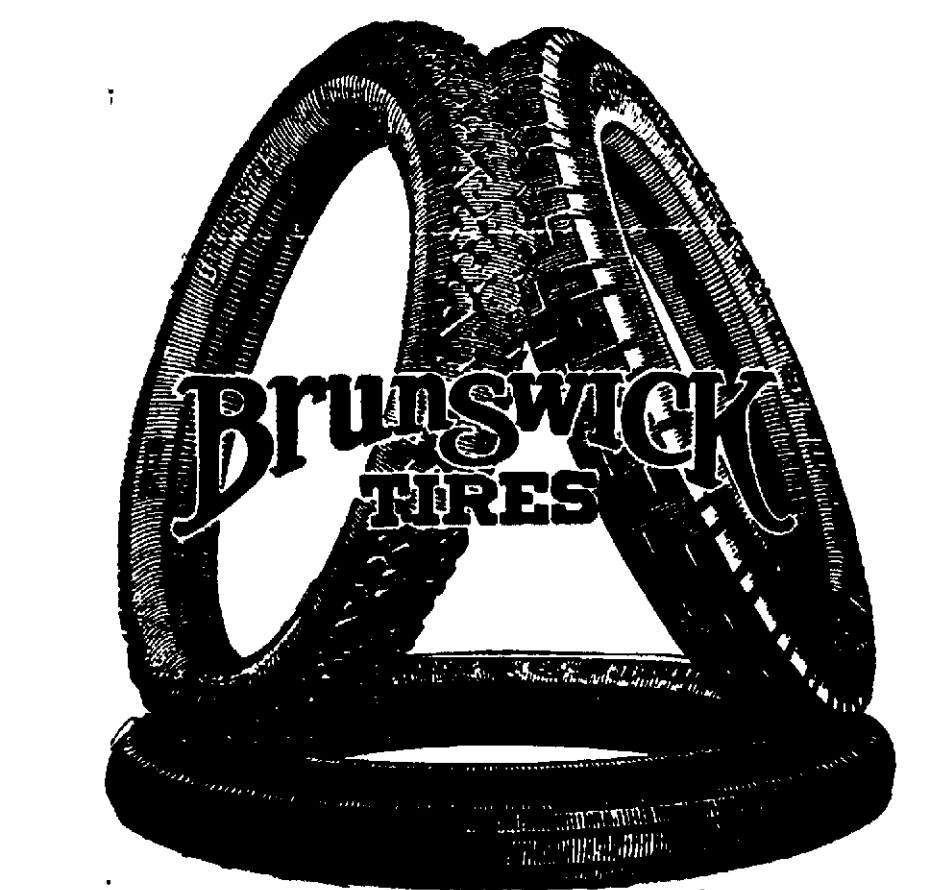

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

Peshtigo Fibre Company

A WISCONSIN CORPORATION

7 PER CENT CUMULATIVE PREFERRED STOCK.

CAPITALIZATION

5000 Shares Preferred Stock	Par Value \$100.00
5000 Shares Common Stock	No Par Value

The Peshtigo Fibre Company will erect and operate a sulphite plant at Peshtigo, Wisconsin, of the most modern and efficient type, under the direct management of men of recognized ability. The officers and board of directors are men successful in their respective businesses.

LOCATION

The Peshtigo Fibre Company's plant will be located in the City of Peshtigo, where it has approximately 48 acres of land adjoining the Pestigo River.

PRODUCTION

It is estimated that the plant will produce 10,500 tons of unbleached sulphite annually, and 7,500 tons of bleached sulphite annually.

PLANT

The plant will be one of the most complete sulphite factories in the United States. It will be so located that the entire amount of wood to be used in it will be dumped into the Peshtigo River, then floating with the stream down to the plant, from where it will be conveyed direct into the mill by automatic machinery, thereby saving an immense amount of labor and delivering the wood to the plant in the best possible condition for the manufacture of sulphite.

Prices - Preferred and Common

Subject to prior sale, we offer 7 per cent preferred stock at \$100 per share par value. With every 3 shares of preferred stock you buy, you will receive one share of common stock, without additional payment. The preferred stock is 7 per cent, dividends payable semi-annually, the first dividend to be paid December 31, 1920, if earned. The preferred stock is redeemable at any time within 10 years at \$103.00 with interest to date.

RETURNS

Few industries in the United States have better returns on their invested capital than the sulphite corporations. Wisconsin is one of the great paper states in the Union and the returns to investors in the sulphite industry have been large. In the past year, for every 100 tons additional daily capacity for paper manufacture there have been added but 20 tons daily capacity for sulphite manufacture in the United States, which shows there is great need for additional sulphite.

Terms of Payment--25 per cent down, balance July 1, 1920.

If you are interested in this stock, we advise you to write us, sending in your reservations immediately. The right to reject any and all subscriptions or allot a number less than subscribed for is reserved.

PRICES CLIMB AS U.S. CONTROL IS LIFTED

STEADY ADVANCE IN GRAIN FUTURES IS FEATURE OF DAY'S TRADING IN CHICAGO

By United Press Leased Wire
Chicago. — Prices continued to climb on the Chicago board of trade today as the weight of government control of prices lessened with the removal of war-time restrictions. After a hesitating start, the market gradually developed a strong tone, and at noon was up 1 1/2¢ above the opening and two cents above last night's close.

Light receipts and continued rainy weather aided in strengthening the market.
July corn opened at \$1.75, up 1/2¢, and later was up 1 1/2¢. September corn opened up 1/2¢ at \$1.58 1/2, and later gained 1 1/2¢.
July oats opened at 92 1/2¢, up 1/4¢, and later was up 1 1/2¢. September oats opened up 1/4¢ at 78 1/2¢ and later was up 1 1/2¢.
Provisions were higher.

GOLD FROM ENGLAND BOOSTS STERLING PRICE

By United Press Leased Wire
New York.—Bankers speculating on the probability of increased gold shipments from the British Empire forced demand sterling up 3 1/4 to 3.94 1/2 at the opening of the foreign exchange market today.

Rumors have been current for the last few weeks that larger and more frequent gold shipments were being contemplated.

Although no definite information was obtainable, traders believed that several large bankers had been "tipped off" to shipments now on the water.

Oscar Kunitz initiated the swimming season Memorial day by taking his annual swim across the Fox river. He made the trip across and back at the head of the upper dam and found the water quite warm.

OBITUARY

DR. J. P. MORNEAU
Dr. J. P. Morneau, 35 years old, a resident of Appleton for about 11 years, died at his home, 1104 Second street, at 3:15 o'clock yesterday afternoon after an illness dating from last September. He had been suffering with muscular rheumatism. The decedent was one of the best known men in Appleton.

Dr. Morneau was born in Quebec, Canada. He lived in Rice Lake, Wis., for about ten years before coming to Appleton. The decedent practiced medicine here until his health failed. He was the inventor of the Morneau sanitary thermometer case and was interested in the company which is selling the appliance.

Survivors include the widow, four children, LeRoy, Aurora DeWayne and Robert; father and three brothers. The father and brothers reside in Canada.

Brief services will be held at the late residence this evening, conducted by the Rev. W. J. Fitzmaurice. The body will be taken tonight to Rice Lake where funeral services will be held Friday morning. Interment will be made at Rice Lake.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

LENROOT LOOMS AS STRONGEST "DARK HORSE" CANDIDATE

EASTERN SUPPORTERS OF WISCONSIN SENATOR WANT TO PRESENT HIS NAME TO THE CONVENTION

Milwaukee—Revelations of campaign expenses before the senate committee at Washington, D. C., investigating the subject has centered interest in "dark horse" candidates for president, with Senator Irvine L. Lenroot prominently mentioned by political writers, particularly those at the capital.

Senator Lenroot is rated with Nicholas Murray Butler, New York; Senator Philander C. Knox, Pennsylvania; Senator Frank B. Kellogg, Minnesota; Gov. Sprout, Pennsylvania; Herbert C. Hoover, California; Gov. Coolidge, Massachusetts, and Gov. Allen of Kansas, as a dark horse of strength.

Whether his name will be presented to the Chicago convention has not been determined. His eastern boosters are eager to do this, claiming that he will have votes from several states but their course will be shaped by the senator's wishes.

Certain to Receive Votes
Senator Lenroot has not indicated to friends in Wisconsin whether he will allow his boosters to bring his name forward in a nominating speech, but it seems certain that he will receive votes on the first ballot, and that his support will gain ground should the convention become deadlocked.

The report from Chicago on Tuesday that Senator La Follette would be placed in nomination by one of his twenty-four Wisconsin delegates was denied in Madison.

"It has not been decided to bring Senator La Follette's name before the convention, but his friends in the Wisconsin delegation will vote for him on the first ballot," said a political leader at Madison. "La Follette delegates will hold a conference in Chicago on the eve of the convention to outline their course. Senator La Follette has not consented to have his name presented, and nothing will be done in

this direction without his consent."
Leader in Senate
John Callan O'Laughlin, writing in the Washington Post, speaks of the dark horse candidates as men of distinguished public service and refers to Senator Lenroot as "one of the most level headed men in congress." After studying the other presidential possibilities, Mr. O'Laughlin has this to say concerning Lenroot:
"Let us now turn to the progressives. Lenroot is one of the most level headed men in congress. There are no pyrotechnics about him. He is straight, direct, forceful. When he discusses a subject, he does it after the most careful study, and the sharp critics in the world, the Washington correspondents, know that when he enters into a debate it is with the most thorough preparation. He appeals to his audience both by his personality and his argument. He was easily the leader in the house at the time he retired from that body to run for the senate. He became so by the fight he made upon the czarlike rules which a decade ago ruled that body."

Led Reform Movement
"There was nothing vindictive about him. He kept on good terms with Speaker Cannon and his lieutenants, and at the same time he energetically led the movement which brought about a much needed reform. He played a part in shaping important legislation which earned for him the respect of his colleagues and the approval of his constituents. When a vacancy occurred in the senate he was urged by conservatives and progressives alike to enter the race. He did so. Since his election he has participated in the formulation of most of the important legislation, including all the bills relating to the prosecution of the war, and from the time of the signature of the armistice he has been a tower of strength in his criticism of the administration and in his constructive ideas with reference to the treaty of peace and other matters. He co-operated extensively with Senator Lodge in the drafting of reservations to the treaty of peace, as a member of the committee on policies and platform of the republican party, which has prepared reports regarding the important problems before the people, he rendered the most valuable service."

LOWDEN'S CAMPAIGN FUND IS A SURPRISE

POLITICIANS AMAZED AT EXTENT OF ILLINOIS GOVERNOR'S ACTIVITY IN WISCONSIN

(Special to Post-Crescent)
Madison, Wis.—The announcement in the congressional inquiry that Gov. Frank G. Lowden's managers expended \$7,500 in the Wisconsin delegate campaign came as a surprise to Madison politicians, none of whom appear to have been apprised of Lowden activity.

According to Washington dispatches, the money was given to Carl P. McAssey, Milwaukee, treasurer of the Republican state central committee. Mr. McAssey also acted as general director of the unopposed Philip West delegate campaign. This campaign was handled by the United Republican club, of which Mr. McAssey was an officer. Nearly all the campaign reports of the unopposed candidates show payments to Mr. McAssey.

Payments to Mr. McAssey, and total expenditures by the candidates as reported to secretary of state are as follows:

	To McAssey	Total
J. M. Whitehead	\$ 50.00	\$119.00
Theo. Olsen	100.00	169.77
J. A. Stolt	100.00	155.15

TRAINING SCHOOL SENIORS HONORED AT A RECEPTION

Outagamie Training School, Kaukauna—The school board of District No. 1, Seymour, visited school last Monday.

The annual reception to the seniors of the juniors was held Thursday evening in the school gymnasium. The gym was beautifully decorated in orange and white crepe paper hangings and wild plum blossoms. The juniors entertained the seniors by readings and a play, "The Pink Tea." The seniors gave a fitting response to the juniors class song.

At 10:30 delightful refreshments were served.

Miss Carter, Miss Schafer, and Miss Cooney, supervising teacher, were present at the reception.

Group 3 gave the following program Thursday afternoon:

Song—"Help It On"—The group.
Flag Salute—Led by Luella Krickeberg.
Declaration—Elmer Uecker.
Reading—"A Rural Telephone"—Luella Krickeberg.
Song—"What Can the Matter Be"—The group.
Declaration—"Granny's Gone a Visitin'"—Laura Glanzer.
Jokes—Nona Muthig.
Declaration—"Miles Standish"—Rozella Konieczny, Elizabeth Schroeder.
Declaration—"Billies' Mishap"—May Parks.
Song—"The group."

Miss Behrend attended the Appleton High school class play Wednesday evening.

Miss Carter spent the week-end at the home of Miss Behrend at Hortonville.

Luella Krickeberg spent the week-end at her home at Hortonville.

The practice teachers for this week are Marie Carroll, Viola Ortlepp, Hazel Rohm, and Luella Krickeberg.

The librarian for this week is Hazel Rohm.

The seniors are busy practicing their class play, "Breezy Point," which will be given Monday evening, June 7th.

Supt. Ducl of Fond du Lac County and a committee visited school Friday. They inspected the building because they expect to establish a training school in Fond du Lac county soon.

WATERTOWN CAVALRY MUSTERED INTO SERVICE

Watertown, Wis.—A. Dagley, U. S. A., of Milwaukee, completed the inspection of the Watertown cavalry troop here and 67 men were mustered into the service. J. W. Sprosser, cashier of the Merchants' National bank, is captain of the local troop. Requisitions for the necessary paraphernalia to equip the troop have been entered and drills with full equipment will start within a few days.

MAN PLANNED VISIT; SEND BODY INSTEAD

Birchwood, Wis.—On the day that Leo Meyer of Manitowish, principal of the Mikana graded school, six miles from here, had planned to start for his home to spend the summer vacation, his body was being shipped to Manitowish for burial. The children of the Mikana school held a picnic at Hemlock lake to celebrate the closing of school. Some of the children went in bathing and the principal went in to see that all were safe. He was seized with cramps and drowned in sight of the children, none of whom could aid him.

TOMAH WOMAN NAMED ASSOCIATE CHAIRMAN

Tomah, Wis.—Mrs. William R. McCaul, prominent Tomah club woman, Red Cross and war worker, has been appointed associate. Monroe county chairman of the republican state central committee by George A. West, chairman of the committee. She will have charge of the county work among the woman voters.

MILITARY BURIAL AT STURGEON BAY

Sturgeon Bay, Wis.—The first body of a soldier to be shipped back from overseas for burial here, arrived Saturday morning, being the remains of Ole P. Olson, who died while in service in England.

An impressive military burial was held and a large delegation of former service men in uniform was in attendance. The military part of the services was carried out by the local post of the American legion, Capt. Grover Stapleton being in charge of a firing squad, color bearer, color guards and buglers.

The firing squad fired a volley over the grave of the army man, and the buglers sounded taps.

The body was escorted here from Hoboken, N. J., by Corp. G. A. Goldstein.

Profits Helped Build Our Business

Do you think it's right to save money?

Swift & Company's business has been built up partly by selling capital stock for cash and partly by thrifty saving, putting some of our earnings each year back into the business to increase facilities for production.

That is what most all of us seek to do—save part of our earnings for future usefulness.

It is the way American industries have been built up. It means the least drain on the financial resources of the country.

For the past twenty-four years Swift & Company has made an average profit from all sources of 11.3 per cent on investment (capital and surplus), and 2.3 cents on each dollar of sales—a fraction of a cent per pound. Out of this we have paid dividends and saved something to help us keep pace with a growing country.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

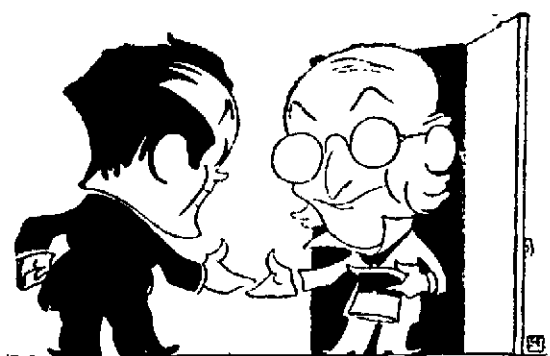

Used by Mothers for over 30 years

Are pleasant to take and a certain relief. They tend to break up a cold in 24 hours, act on the Stomach, Liver and Bowels and tend to correct intestinal disorders and destroy worms. 10,000 testimonials like the following from mothers and friends of children telling of relief. Originals are on file in our offices:

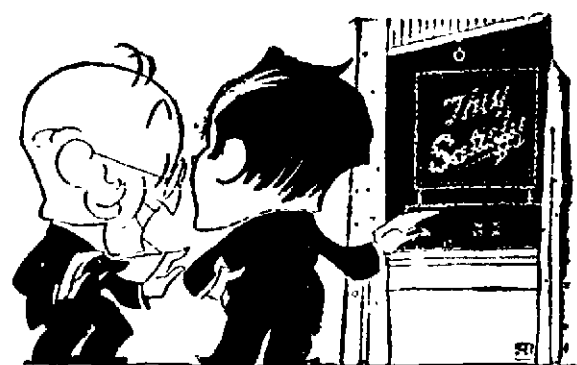

"I think MOTHER GRAY'S SWEET POWDERS FOR CHILDREN are grand. They were recommended to my sister by a doctor. I am giving them to my little three year old girl who was very puffy, and she is picking up wonderfully."

"Even a professor can learn"

THE PROFESSOR dropped in.
LAST NIGHT and said.
HE HAD a puzzle.
YOU KNOW he speaks.
FIFTY SEVEN kinds.
OF Highbrow talk.
BUT HE'D just heard.
TWO FELLOWS talking.
SOMETHING LIKE this.
"HERE'S THE real cheese,
ON THE kind of butt.
FOR STEADY stuff."
"SPILL IT," said the other.
SO THE first one said.
"IT'S GOT the goods,
AND PEP and all.
JUST TOUCH one off.
AND YOU'LL be living.
THE LIFE of Reilly.
I FELL for it, and gee,
I'M JAKE for keeps.
AND SITTING on the world."
AND THE second one said.
"JUST SLIP us one.
FOR THE double-O."
AND THAT was all.
I LAUGHED and pointed.
OUT THE window.
AND THE prof read.
THE ELECTRIC sign.
AND HE was on.
THE SIGN just said.
"THEY SATISFY."

THERE may be a hundred other ways to say it, but in good plain United States, it's "they satisfy." Those fine Turkish and Domestic tobaccos and that can't-be-copied Chesterfield blend put Chesterfields where none can touch them for quality and value.

CARDINALS WIN LONG GAME FROM PIRATES

PITTSBURGH—St. Louis defeated Pittsburgh on Tuesday, 5 to 1, in a fifteen inning game. In the final inning McHenry doubled to left and eventually scored on successive errors by Ponder and Schmidt. In the last half of the ninth, with the score four to three in favor of St. Louis, Jacobs, who had replaced Goodwin, walked Carey with two out, and Haines took Jacobs' place. Singles by Cutshaw and Whitted tied the score, Hornsby's batting was a feature, he driving in four of his team's runs. Score: St. Louis . . . 0 0 0 0 0 1 0 0 0 0 1 5 Pittsburgh . . . 0 0 0 0 0 2 0 1 0 0 0 0 1

YANKS CLOUT WAY TO NINTH STRAIGHT WIN

NEW YORK—The New York Americans won their ninth straight game here on Tuesday, defeating Washington by 11 to 7. Ruth started his first game of the season as a pitcher, but retired in the fifth inning after his team pined up a ten run lead. The Yankees drove out seventeen hits for twenty-six bases. Score: Washington . . . 2 0 0 0 2 1 0 0 2 7 New York . . . 0 6 6 1 0 1 0 0 11

RED SOX LOSE DOUBLE BILL TO LOWLY MACKS

BOSTON—Philadelphia on Tuesday took both games from Boston, making it three out of four in the series. Duran's hitting, particularly a timely double in the last inning, added the visitors in taking the opener, 8 to 6. Harris, a 6 foot 5 inch lumber, pitched effectively in the second game, winning, 7 to 2.

INDIANS HUMBLER BY TIGERS IN SLUGGEST

CLEVELAND—Detroit defeated Cleveland in a slugging contest on Tuesday, 11 to 10. The game was halted by rain in the eighth inning, when Cleveland had runners on third and second. When play was resumed Cleveland had better control and prevented Cleveland from tying the score. Heilmann made five hits in five times at bat while Evans of Cleveland had three doubles in four times up. Cleveland used nineteen players in the effort to win.

Score:
Detroit . . . 9 6 0 1 2 1 0 1 0-11
Cleveland . . . 0 4 1 0 1 7 0 1 0-10

DOUBLE PLAYS ENABLE BRAVES TO TRIM PHILS

PHILADELPHIA—Four double plays enabled Boston to defeat Philadelphia by 4 to 1 on Tuesday, despite three dead-end runs. Mann's home run in the ninth with two on bases clinched the victory. Stengel drove one home run to left field and another over the right field wall. Philadelphia's major league games have produced twenty-six home runs in the last fourteen playing days. Score: Boston . . . 0 2 2 0 0 0 0 1 3-5
Philadelphia . . . 0 0 0 0 0 0 0 2 0-1

DODGERS CLEAN UP ON SERIES WITH GIANTS

BROOKLYN—Brooklyn cleaned up the series of three games with New York and increased its string of victories to six straight by winning on Tuesday, 10 to 9. Myers' hitting was timely. He tripled in the sixth with two on bases and drove in the winning run in the ninth with a two-bagger. Score: New York . . . 0 0 3 1 1 0 0 4 6-9
Brooklyn . . . 2 0 0 0 2 2 2 2 2-10

REDLEGS TOPPLE CUBS FROM LEADERSHIP, 6-5

CHICAGO—Cincinnati climbed into second place on Tuesday and knocked Chicago back to third by beating the Cubs, 6 to 5. The Reds scored the winning run without a hit in the ninth on a base on balls to Borch, a sacrifice bunt by Duncanson, a wild pitch and a sacrifice fly by Kopf. Baskert was hurt in running out a hit in the seventh, necessitating a switch in the Cub lineup. It was Ruether's eighth straight victory. Score: Cincinnati . . . 2 0 1 2 0 0 0 0 1-6
Chicago . . . 0 6 2 2 0 1 0 0 0-5

TWO PITCHER TEAMS ARE IN A BAD WAY

"HIPPO" VAUGHN'S BUM ARM MAY KEEP CHICAGO CUBS OUT OF THE PENNANT RACE

(By Henry L. Farrell)
By United Press Licensed Wire

New York—Jim Vaughn's shoulder can't stay lame very long without beaching a very good Cub ship that is sailing pennantward or thereabouts.

Fred Mitchell has only two aces—Alex the Great and "Hippo" to play for a \$100,000 pot. If one of them loses his color he may just as well throw his whole hand in the discard.

The pennant can be won on two pitchers as Kid Gleason showed the world in 1919, but they have to be from men.

This Speaker up to the present time is rocking in the same boat.

Starkie, Coveleskie and Jim Bagby have been his lone dependable hurlers. But if the Cubs or the Indians run into a bunch of bad weather and find themselves facing a late season schedule filled with double headers, they may have to give way to another club.

If either team should have a task put up to them like the champion Reds had last summer when they played the Giants six games in three days, they might crack.

Of course it can be reasoned that two star hurlers like Alex and Vaughn, Coveleskie and Bagby, Williams and Cicotte, et al. are better than a whole staff of stars with temperamental arms such as Pat Moran and John McGraw have been nursing along but its a convenient pleasure to have a bunch of less spectacular ones around to win a few ball games.

GREET'S FAMILY AFTER 8-YEARS' SEPARATION

Manitowoc, Wis.—Eight years ago Rabbi Raitzik left his home in Ciechanon, Russian Poland, for the United States, arriving in Manitowoc a few months later. After establishing himself here in two years, he was able to save enough money to send transportation to his wife and children, whom he left behind, so that they could join him in Manitowoc. The war broke out and Mrs. Raitzik and her children were unable to leave Russia.

Now, however, there is happiness in the home of the rabbi, for this week his wife and children arrived in this country and are now at Chicago, where they will remain a few days before coming to Manitowoc to take up their residence.

RIPON HIGH SENIORS WILL PRESENT COMEDY

Ripon, Wis.—The senior class of the Ripon high school has selected a four-act comedy from the pen of Marie Doran, entitled Dorothy's Neighbors. The play will be staged at the Auditorium on the evening of June 2. Miss Janet Strath of the English department of the high school is directing the play. The leading roles are taken by Fern Rump, Edmund Keeler, Arthur Mueller and Bernice Parker.

NORTHWESTERN WANTS TO KEEP ITS CARS

SHIPPER MUST USE "FOREIGN" CARS IF DESTINATION IS OFF NORTHWESTERN SYSTEM

A large proportion of the new freight cars of the Northwestern Railway company, which have a much greater carrying capacity than those built years ago, are scattered all over the country, where they are in constant service by other roads.

An effort is not only being made to get them home, but an order has just been issued to station agents prohibiting them from permitting the company's cars to be loaded for points on other roads.

In compliance with this order, W. B. Basing, station agent, has just sent out a letter to all local shippers notifying them that hereafter foreign cars only will be furnished for shipments destined to points beyond the company's lines, but that they will still be taken care of the same as in the past.

Freight for points on the Northwestern road will continue to be shipped in the company's cars. There is still a box car famine, but the scarcity is not felt in Appleton to the extent it is in many other cities.

BAPTIST SOCIETY CHANGES ITS NAME

DONATES FORTY ACRES FOR USE AS GARDEN

Superior.—Forty acres of centrally located city property, suited for gardening purposes has been donated by Frank Hayes to the students of the Superior Central high school and to any other Superior citizens to use for the purpose of raising "something to eat." No conditions are attached to the proposition, according to C. G. Wade, principal of the high school, with whom Mr. Hayes made the arrangements. It is understood that if the forty acre tract is not large enough another twenty acre parcel lying behind the forty may be used.

Children of the city will enter competitive products of the soil at the Tri-state fair this fall and prizes will be awarded the winners in the various entries. Superior pupils raised more than \$75,000 worth of garden products last year and with the added incentive of high prices, it is expected that this amount will be greatly increased this season.

Caught Both Ways.

"I'm in hard luck."

"Why?"

"I told Belle she was the first girl I ever loved, and she said she couldn't waste her time training amateurs. Then I told Nancy I had made love to other girls, but that she was my real passion, and she asked me if she was a cultured taste with me or a forlorn hope."

Food—the Problem of the Hour

THE need for food has the world in its grip. To produce more food we must depend upon gasoline power on the farm to multiply the efficiency of the man-power available.

The following interesting comparison of man-power vs. machine-power, required per acre is illuminating:

Crop (Acre)	Man-Hours By Hand	Man-Hours By Machine
Barley	64	4.25
Corn	39	7.70
Cotton	168	79
Hay	21	8.45
Oats	66	4.25
Potatoes	109	38
Rice	62	17
Rye	63	4.25
Wheat	61	4.25

The United States has changed from an agricultural into a semi-industrial nation. Never again will it see the day when 97 percent of its population dwells on farms. Yet the fact remains that the United States must feed itself, and the only way this can be done is through intensive soil cultivation, made possible by automotive machinery.

On the farms of the Middle West the gasoline tractor, truck, and automobile are multiplying the productiveness of man-power, and are doing their part in furnishing an adequate supply of food-stuffs.

Throughout this great section the Standard Oil Company (Indiana) has developed a system of distribution which insures the farmer an adequate supply of gasoline and lubricating oils. This system is based upon huge storage depots, fed from three large modern refineries.

Anticipation of possible difficulties is but one of the many burdens the Standard Oil Company (Indiana) assumes in order that consumers of the Middle West may have their wants supplied.

LAWRENCE MEN ON CHAUTAUQUA TOURS

SEVERAL GROUPS OF STUDENTS WILL SPEND THE SUMMER ENTERTAINING WESTERN AUDIENCES

A large number of Lawrence students will spend this summer doing chautauqua work with the Travers-Newton company. The students have become interested through the efforts of Carl McKee, former Lawrence student, who is now coach and producer of the company, and Prof. Lee C. Rasey who has spent several summers on the circuits of this system doing lecture work.

Prof. Percy Fullinwider, with Max Schmidt as his accompanist, will precede by one day an octet of fellows from the Lawrence Glee club on the same circuit. The octet consists of Harry Willson, Appleton, who will be manager, Kevill Larson, Neenah; Clement Hackworthy, Appleton; Edward Schultz, Kendall; James Deming, Chicago; Forrest Hoisington, Dodgeville; Clinton Van Ostrand, Phillips; and Russell Colman, Neillsville. The men will leave Friday.

Other groups of Lawrence men will go also. The Travers-Newton company operates only in the middle west, including Minnesota, North and South Dakota, Nebraska, Kansas, Colorado, Missouri, Oklahoma, Arkansas, Illinois and Wisconsin. This company is operating more summer chautauqua in the United States than any other system. Each group will travel between 5,000 and 6,000 miles.

RACINE WANTS BETTER TRAFFIC CONDITIONS

Racine, Wis.—A resolution which it is believed will bring a measure of relief to the difficulties now being encountered in the shipments of products was arrived at in a meeting of traffic men from Milwaukee, Racine and Kenosha, together with railroad representatives at the Racine Commercial club.

The principal decision arrived at is to provide solid through trains which will be made possible by the cooperation of manufacturers in the cities interested.

A committee was appointed which will make efforts each month to secure a list of the manufacturers and shipments they intend to make for the succeeding month.

J. J. Blommer, traffic secretary of the Milwaukee Association of Commerce heads this committee. P. R. Johnson, traffic secretary of the Racine Commercial club is associated with him, together with A. Parr and Frank Truax of Kenosha.

FOX RIVER MILL MAN STRUCK BY AN AUTO

Harry Clements, 902 Perry street, was severely injured about the head and body when he was struck by an automobile driven by George Meyers at the foot of Pearl street hill about seven o'clock Tuesday morning. Both men are employees of the Fox River Paper company. Clements was crossing the street when hit. Two wheels of the car passed over him. The injured man was taken to his home in the Meyers automobile.

POLICE OFFICER'S SON BADLY HURT IN FALL

Claude McCabe, 14 year old son of Police Sergeant James McCabe, 431 Story street, is in a serious condition at his home as the result of a fall down a flight of steps leading from Pierce's park to the river bank. The accident occurred Sunday afternoon. The boy's head struck against an iron pipe, rendering him unconscious. He was removed to his home and two physicians called. Brain hemorrhage resulted but he is said to be resting easier today.

POLICE SEEKING CLUE TO TRIPLE SLAYING

By United Press Leased Wire Philadelphia.—Three persons were found murdered in their beds in West Grove, Penn., near here, today. Two of the victims were Mrs. Dunlap and her daughter, Ruth, 10, who lived on the outskirts of the town. The other person slain was Roy Eiderberger, who was believed to be the woman's sweetheart.

Police are working on the theory that Mrs. Dunlap shot Eiderberger, then her daughter and herself.

UNUSUAL RECITAL IS PLANNED FOR THURSDAY

A recital of unusual character is to be given at Peabody hall Thursday evening. Students from the classes of Ludolph Arens and Mary Margurite Arens will present an evening of music and poetry, each musical composition being preceded by a reading of the correlated poem.

The program will be divided into four parts, each part consisting of a group of pieces and poems bringing out a definite idea. The four divisions are "Spring Time"; "The Forest"; "The Sea"; and "Legends." Admission to this recital will be by complimentary ticket only which may be secured in limited numbers at the Conservatory office Wednesday and Thursday.

PYTHIANS PAY VISIT TO NEW LONDON LODGE

Ten automobile loads of Knights of Pythias were at New London last evening to confer the third rank on a class of candidates. They were royally entertained by the New London members and plan to return the visit Thursday evening.

About 100 Knights from Fond du Lac are expected here Thursday evening also. The third degree rank is to be conferred on two candidates by the Fond du Lac order. This is the final meeting of the Knights of Pythias for the season.

IT DESERVES ALL PRAISE, HE SAYS

"I HAVE TAKEN TANLAC AND KNOW WHAT IT WILL DO" STATES MILWAUKEE MAN

"After suffering fifteen years with my stomach Tanlac has entirely relieved me, and if any one wants to know what this medicine will do just send them to me," said Paul E. Spantkow, 2519 Elm street, Milwaukee, Wis., an employee of The West Side Manufacturing company, recently.

"There is no doubt about it," continued Mr. Spantkow, "if any one will just take Tanlac properly it will entirely rid them of stomach trouble. I know what I am talking about from actual experience for, as I said before, I suffered for fifteen years from about as bad a case of stomach trouble as anybody ever had, but after taking Tanlac I am a well man. My appetite was awfully poor and I don't remember a time in all these years that I did not become nauseated after every meal. Why, every mouthful I ate just seemed to form into a lump, gas would form and bloat me up so I could hardly breathe and at times I just felt like every breath would be the last. I often had awful dizzy spells, and sometimes while at work I would just have to stoop and sit down to keep from falling. I always got up in the morning feeling actually worse than when I went to bed and did not know whether to go to work or not, as I did not feel like I could possibly stay on the job all day.

"Well, I had heard so much about Tanlac I decided to see for myself if it was as good as everybody said it was, and I want to say right here it deserves every word of praise any one ever gave it. Why, it went right after my trouble and it kept getting better until now I can hardly get enough to eat. Then, too, I can eat just anything I want and everything agrees with me perfectly. I am in perfect health, my stomach is in fine shape. I never become dizzy any more and always get up in the morning feeling fine. As I have also gained several pounds in weight and regained my lost strength, it is actually a pleasure for me to do my work. I heartily recommend Tanlac, for I know what it will do."

Tanlac is sold in Appleton by John E. Voigt; F. O. Brown, Shiocton; Dr. J. M. Sattler, Bear Creek, H. E. Abend, Dale.

FARMERS PAY BIG PRICES AT AUCTION

Harvey Halliet of the town of Grand Chute disposed of his 78 acre farm, live stock, farm implements and all other personal property at auction Memorial day. The farm brought \$9,100 and was sold to Edward Hawley of the town of Menasha. The cows were sold all the way from \$175 to \$650 each. The farm machinery was also sold at a good price. Mr. Halliet has not fully decided where he will locate. There is a possibility of his making his home in the west.

DR. ROGERS OFFERED HAWAIIAN POSITION

Dr. L. B. Rogers, who was given a year's leave of absence by Lawrence college to go to California, has been offered the chair of education in the University of Hawaii, Honolulu, according to information received here. It is not known if he will accept the offer. It is said that Dr. Rogers will be in charge of all teacher training on the islands if he accepts the position.

The educator left Appleton about a year ago to become connected with the University of Southern California. He has about decided not to return to Appleton.

The party will meet at Cherbourg, where it will be met by representatives of the minister of education of France. During the tour in France, the heads of the departments of public instruction will receive them in each province and offer every facility for studying the educational system of France. Following the visit to the battlefields and the various parts of the French republic, a trip will be made to Switzerland, Belgium and England.

GREAT LAKES SAILORS AND BLACKS IN BATTLE

By United Press Leased Wire Waukegan, Ill.—Race troubles had subsided here today following clashes between sailors from the Great Lakes Training camp and negroes here late yesterday.

Provost guards and city authorities announced early today the situation "was under control."

The trouble started when colored boys, stoning automobiles threw a rock through the windshield of Lieut. Blazier's car injuring Mrs. Blazier.

BIG SISAL SUPPLY IS DESTROYED BY FIRE

By United Press Leased Wire Galveston, Texas.—Yucatan sisal owned by New York firms and a warehouse of the Galveston Wharf Company, valued at \$1,500,000, were destroyed by fire of unknown origin here early today.

The entire city and harbor fire-fighting forces were unable to check the flames.

The sisal representing two-thirds of the loss had been accumulating here for months.

Making Talk
Much vitality is wasted in useless talk. Some people, when they meet, are embarrassed if there is a moment's halt in the conversation. That is foolish. Talk less and think more.

The title of a certain unpleasant gentleman should always be spelled "pest"mist.

DESTRUCTION OF GUNS URGED BY CHIEF PRIM

"Revolvers or other fire arms should never be kept in a home where there are children," said George T. Prim, chief of police, today. "The recent tragedy should be a lesson to all parents, especially with the Fourth of July approaching."

"I would like to see every parent having a revolver in the home break it up with a hammer or throw it in the river. That is the only way to prevent the fatalities that result occasionally when irresponsible people and children get hold of dangerous weapons. Something is bound to happen when a boy finds there is a revolver in the house, and he gets a notion he wants to play with it."

"I hope the people of Appleton will use every precaution to prevent accidents in connection with the coming fourth of July celebration. The time to avert them is before they happen," the chief stated.

Nabobs Among Mofaccans
In Moroccan encampments the tents of persons of note are often topped with copper balls and decorated with arabesques of cloth.

The Swiss government is experimenting with compressed turf as a coal substitute.

FIND OUT JUST WHAT CAUSES YOUR RHEUMATISM

Then You Will Be Able to Treat It Intelligently.

The medical profession has not yet fully determined all of the causes of Rheumatism, though they are pretty well agreed on two points.

The first is, that the disease is more than a mere local trouble, that the pangs of pain come from a source that is far below the surface, and therefore it is not reasonable to expect any rational relief from a treatment that is locally applied and reaches only the surface.

When you realize the logic of this conclusion, you will see that you are really wasting your time and money if you are expecting any permanent relief from the use of liniments, lotions, and other locally applied treatment, which can only reach the surface, and have no effect whatever upon the origin of your trouble.

Any disease should be treated at its source, and especially one that causes as much suffering as Rheumatism. The only treatment worth while is one that will show progress toward getting at the source of the disease, and freeing the victim from its shackles.

The other point that the medical profession has agreed upon, is that some forms of Rheumatism

CHANDLER SIX Famous For Its Marvelous Motor

The Chandler Gives You the Service You Demand

THOUGHTFUL men, in selecting an automobile, find in the history of the Chandler Six a source of real confidence.

The Chandler motor of today is the development of the Chandler motor of seven years ago, embracing refinements and improvements which have been the natural development of these years of service in the hands of thousands of owners, and the constant application of the engineering skill and the sincerity of its builders.

Motors of one type and another have been heralded and retired within these years. But the Chandler motor, its true superiority proven in service on every roadway in America and in many nations abroad, has lived and gone forward into a place of distinction.

Men who have owned and driven many cars, men from coast to coast, will tell you the Chandler is the leader of all sizes. Over the long mountain roads or on the trails of the desert or in crowded city traffic, anywhere, the Chandler will give you the service you demand. Its power, its flexibility, and its sturdy endurance are not surpassed.
